

UK EVENTS GROUP
— *Event & Production Solutions from one Source* —

ABOUT US

UK Events Group offers Event & Production solutions from one source. By providing this service we are able to save you time having one project manager as your point of contact. This approach also reduces the amount of technicians & local crew needed on your event, your power consumption and transport costs also reducing the overall impact on the environment - our departments come together to work as one with you.

Our company is quite unique, we have based our business on trying to ensure that whatever our client needs we will be able to supply at an affordable price! We will go above and beyond to meet and exceed your requirements.

We know that for you, your event isn't just an event - this is months of hard work that culminates for one epic event. With this in mind we want you to know that you are in 'safe hands' - when partnering with us you will be working alongside a professional team who are methodical in their approach leading up to your event and composed whilst working under pressure during your show, creating special memories for your audience.

Based in Liverpool conveniently located just off the M57/M62 enabling us to service all areas of the UK, Ireland and into Europe very easily. Our 25,000sq ft multi level self contained warehouse site incorporates our offices, event build & preparation area, as well as an outdoor testing space.

LIVE EVENTS & FESTIVALS

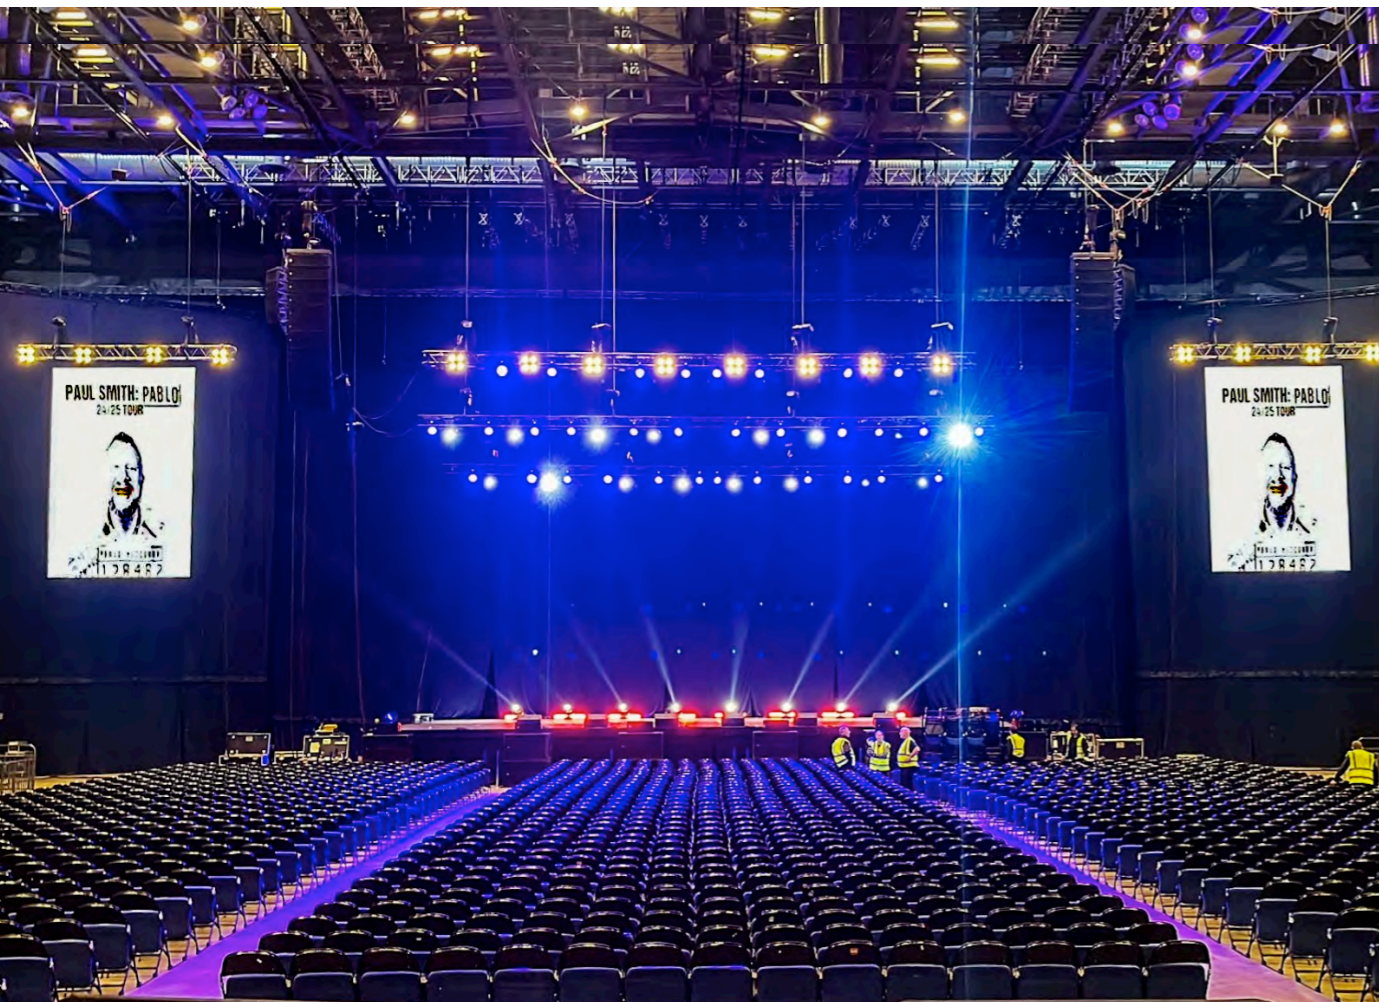

From large-scale outdoor festivals with multiple stages to unique venues like repurposed historic buildings, at UK Events Group we bring creative vision to every event. Whether it's a platform stage or a fully custom ground support structure - with production including LED video wall, lighting, sound and a full special effects show. We can turn your live event into an unforgettable experience.

TOURS & CONCERTS

UK Events Group brings extensive expertise to the live events industry, from intimate performances to large-scale arena tours. We provide full production support for DJs, bands, comedians, orchestras and even the occasional bingo show! Our services cater to audiences of all sizes, ensuring unforgettable experiences for your audience. Offering full production solutions, our project managers organise everything from design and production through to trucking and transport utilising our fleet of Euro 6 ULEZ trucks, trailers, vans & tour busses.

THEATRE & INSTALL

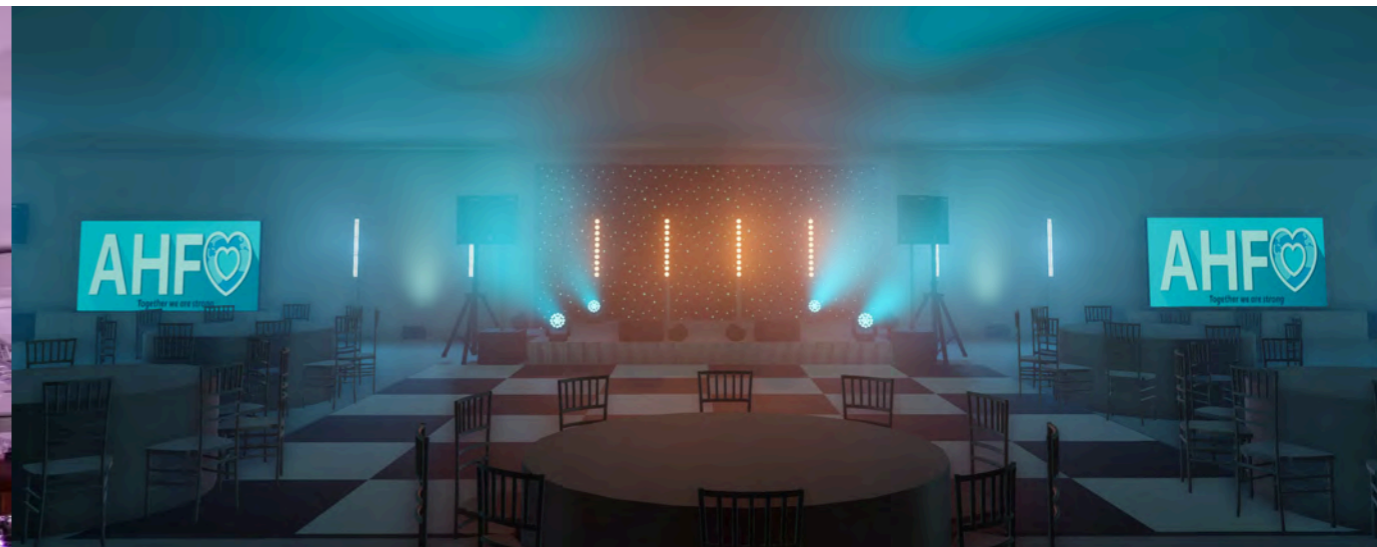

UK Events Group has collaborated and designed shows for dance productions, comedy artists, talent shows and plays across various stages.

If you are looking to enhance an existing house rig or add a unique flair to your show we're here to bring your vision to life.

CONFERENCE & CORPORATE

At UK Events Group we provide seamless technical production management and efficient event delivery. Focusing on every detail to craft engaging event packages that captivate and connect with your audience, making sure your brand and company profile are prominent throughout your event. Our designers bring your event to life using pre visualisation software enabling you to view your event months before its due to happen.

EXHIBITIONS & PRODUCT LAUNCHES

You have only one opportunity to make a memorable impression. Whether you're introducing a new product or showcasing merchandise at a trade show, collaboration with a reliable production partner is essential. We provide innovative solutions designed to captivate and inspire your audience.

SPORT & LEISURE

We cater to a wide range of sporting events - from fun runs and marathons, to premier league promotions, live broadcasts and dance championships. Whether it's a race line gantry, end of season celebration, or a full scale production with lighting, sound, videowalls and special effects, we're here to help.

If you need a venue, we can provide temporary structures to ensure complete support from start to finish.

SEASONAL EVENTS

Make every season unforgettable with immersive experiences that capture the wonder of each celebration. From enchanting winter wonderlands to vibrant autumn trails, we specialise in creating extraordinary seasonal events that captivate audiences of all ages. Whether its making Santa soar 100m across a lake, transforming forests into magical light trails, or creating mesmerising holiday displays, we bring a touch of magic to any setting.

VIDEOWALL

Whether you need a backdrop for your event, a digital advertising board, football fan zones or an outdoor cinema screen with live camera feed, the possibilities are limitless. We stock over 1,000 square meters of indoor & outdoor videowall panels with pixel pitches of 3mm, 4mm, 6mm & 20mm. If you don't have visuals ready, our in-house design team can create stunning, pixel-mapped visual content tailored to your show or event.

AUDIO

At UK Events Group we recognise the impact and importance of sound - it's not just about hearing it, but feeling it. From small conference rooms to large-scale events with tens of thousands of attendees, we have the expertise to meet your audio needs. We ensure crystal clear volume and impeccable sound quality, using a seamless distributed system that makes everyone, even those at the back, feel like they're in the front row. Our engineers create customised sound vision files to suit your venue, guaranteeing that you're heard loud and clear. With a broad selection of audio equipment available we can provide everything from a single microphone and stand to a full PA system. We stock point source and line arrays with options for ground-stacked and flown setups from brands such as L'Acoustic, RCF & d&b. We work with industry standard mixing consoles including DiGiCo, Yamaha, Midas & Allen & Heath.

LIGHTING

Captivating, immersive and unforgettable - lighting brings emotions to life! Our lighting team has illuminated everything from Europe's largest touring EDM shows to world-famous sporting events, with a full range of intelligent and conventional lighting fixtures. If you need a complete lighting solution and design service, we're here to help. Our team handles everything from initial design concepts through to pre-programming and plotting. This allows you to visualise the final result ahead of time, while also helping us streamline onsite setup. Our designers use advanced pre-visualisation software to create detailed drawings of your lighting rig before any fixtures are powered on. With control units from industry leading brands like GrandMA, ChamSys and Avolites, we're equipped to meet a wide array of lighting requirements.

SPECIAL EFFECTS

Special Effects are at the heart of our business - we've been perfecting them since day one! Our warehouse is stocked with an extensive range of special effects and consumables, available both for purchase and for use in your events. We've provided effects for television, nightclubs, music videos, live stage productions and more - the possibilities are endless.

CO2 & ECO2 - With a selection of CO2 jets and handheld guns, we can create impressive plumes of white CO2 reaching up to 20 meters. The new environmentally friendly ECO2 jets blast clouds of smoke up to 12m.

Confetti & Streamers - Our range of firing options include compressed air, CO2, fans and pyrotechnics, allowing us to cover venues of any size and fill the air with confetti and streamers for maximum impact.

Fire - We offer single flame units with adjustable outputs of 4 to 8 meters, along with multi-angle units that produce flames up to 6 meters high.

Pyrotechnics - From single bursts to fully choreographed displays, we can add that extra sparkle to your event.

Snow - We can create anything from a light snowfall to a full blizzard, using realistic, touchable 'snow' in a variety of flake sizes.

Curtain Drop - Our Kabuki drop system is ideal for dropping curtains, drapes, cloths, balloon nets, banners and more - perfect for creating that dramatic reveal moment.

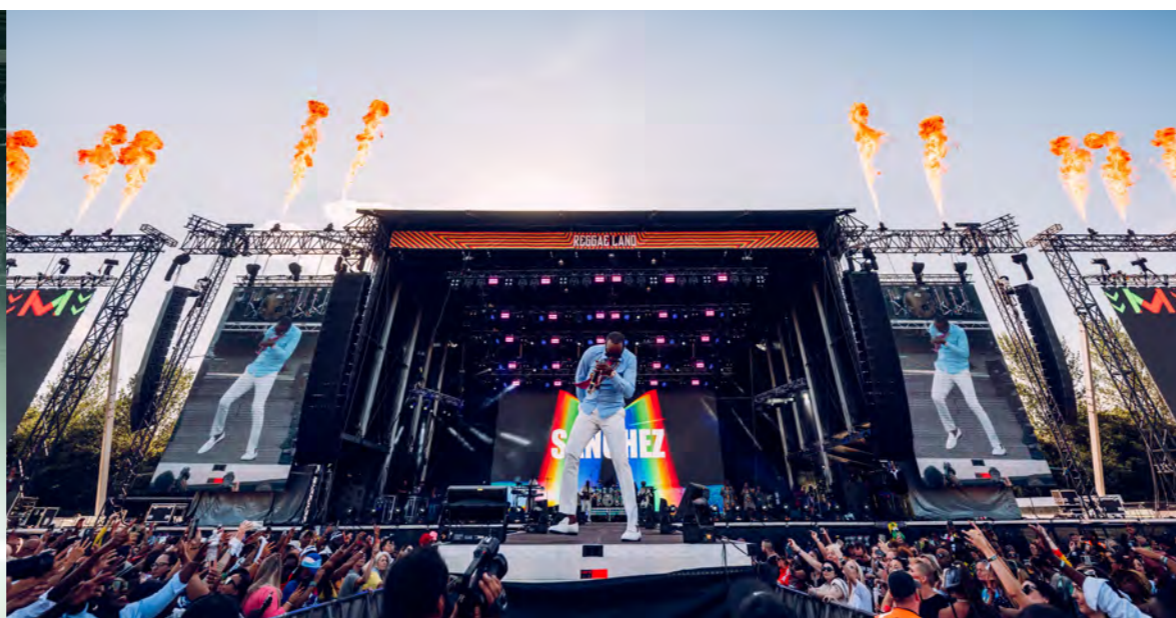

Water Screen - Our modular 10m x 7m water screen serves as a projection surface for graphics & laser shows, a stunning visual room divider, or a static decorative element.

STAGING & RIGGING

We offer a wide selection of truss, including various lengths and corner pieces of Tri, Box and A-Type. With a huge stock of stage decks, variety of leg systems and circular staging options, we can bring any vision to life. Our modular staging allows for endless customisation, letting you create bespoke shapes and sizes to suit your event's needs.

At UK Events Group, safety is our top priority when working at height. We take every precaution to ensure a secure setup, providing risk assessments, method statements, technical drawings and load calculations before arriving on site. We also collaborate with your health & safety team to ensure a smooth, compliant installation process.

TESTIMONIALS

“Working with UK Events Group has been nothing short of exceptional. From our very first shows to the large scale productions we deliver today, their expertise dedication and passion have been integral to our success. Their team excels in every aspect, from meticulous planning to flawless production, they always go above and beyond to bring our vision to life. UK Events Group’s professionalism and creativity have made them an invaluable partner and we look forward to collaborating with them for many years to come.”

- **Director, JBM Music**

“We have worked with UK Events Group for over 12 years now. We use their special effects, lighting & videowall on all our shows for artists such as Darren Styles, Ewan McVicar & Ben Nicky. The service from the team and caliber of their equipment are second to none and we hope to work with them for many more years.”

- **Director, Colours**

“I have worked with UK Events Group on a variety of different events, including our annual ‘Unite for Unicef’ dinner as well as player of the year and events for Manchester United sponsors. All the team are professional and go completely above and beyond to exceed expectations. They deliver something that we haven’t seen before. I have enjoyed working with UK Events Group and I can’t wait to work on more events with them.”

- **Events Manager, Manchester United Football Club**

"For the past five years, UK Events Group (NW) has been an invaluable partner in bringing our Bongo’s Bingo events to life. Their team consistently delivers top-notch production services, from fabulous lighting displays and high definition Video to crystal-clear Audio systems. Their ability to adapt to our specific needs and budget constraints is truly impressive. We value their professionalism, reliability, and creative flair, which have contributed significantly to the success of our events.” "For our large-scale arena events, UKEG have been instrumental in helping create truly immersive audience experiences. Their comprehensive range of production services combined with stunning special effects, has consistently elevated our events to new heights. Their team's expertise and dedication to excellence ensures seamless execution, even in the most demanding production environments.”

- **Head of Production, Bongo’s Bingo**

"I contacted UK Events Group with a late request to anti-rake a stage and from start to finish, their team was nothing short of outstanding. They were professional, efficient, and incredibly accommodating at every stage of the process. They went above and beyond to ensure everything went smoothly, making the entire experience seamless. We're already looking forward to engaging them again for our next project and will definitely turn to them for future needs. Their communication, product quality, and professionalism are all exceptional.”

- **Production Executive, Thames TV, Britains Got Talent**
